ARAK

Lighting Solutions

Message from The Founder

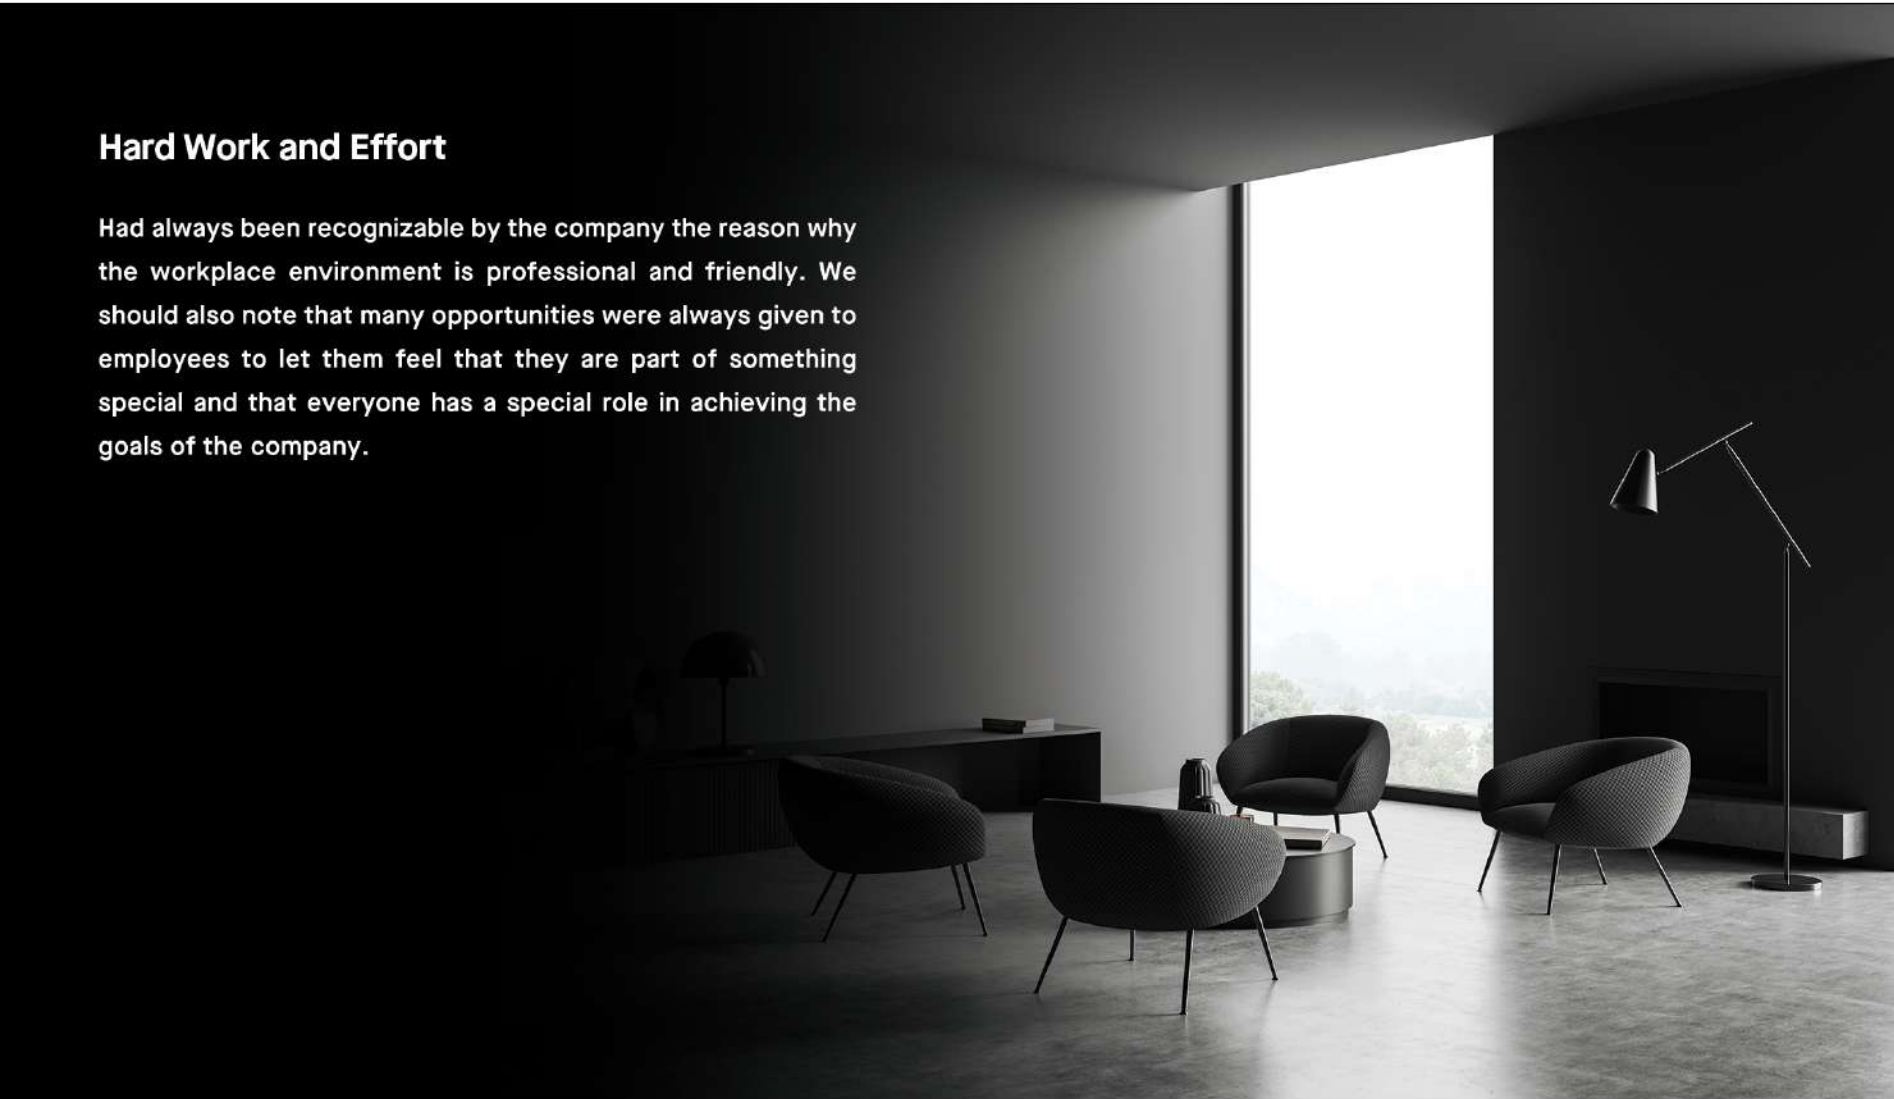

With a long history and legacy of 40+ years, ARAK Lighting became a leading national company in the field of lighting. Throughout the years, with hard work and persistence, the company has positioned itself alongside the industry's pioneering national companies, becoming a certified partner of several reputable international brands. Due to elevated knowledge and big love for lights, ARAK Lighting became an embodiment of the highest standards in the lighting industry that strives to keep climbing up the ladder of excellence, quality and a forever growing interest in all new light technologies.

Good Care of Employees

We, at ARAK, has always taken good care of our employees by helping them obtain the best skills through workshops and assessments and providing them with high-level courses to help them extend their knowledge and thus providing the best and most appropriate services to each and every client.

Hard Work and Effort

Had always been recognizable by the company the reason why the workplace environment is professional and friendly. We should also note that many opportunities were always given to employees to let them feel that they are part of something special and that everyone has a special role in achieving the goals of the company.

Being a leading national company, ARAK Lighting keeps innovating internally and growing with its mission and values. The company keeps expanding its product portfolio in the field of lighting and lighting controls to continue offering the best customer experience solutions in line with the Kingdom's 2030 vision.

**Ease your mind with us and know that ARAK Lighting
will forever be there to light your way !**

ABDUL RAHMAN ABDUL KADER

Our Vision

Is to become the leader in the Lighting Industry nationally and regionally-andthe go-to Smart Lighting Solutions Provider in KSA. We, at ARAK, aim to expand to new markets and regions, through partnering with high-end international brands and constantly upgrading our services & diversifying our products.

Our Mission

Is to always offer state-of-the-art products and service in compliance with the highest of international standards. We aim to continuously deliver cutting-edge products and services, consistently adhering to the most stringent global benchmarks. Our unwavering dedication to upholding the highest international standards remains at the core of our commitment to excellence.

Shining Brightly since 1976

"**ARAK**" إراك - is a Lighting Company and a Smart Lighting Solutions Provider that started as an extension of Abdul Rahman Abdul Kadir Corporation in 1976 and is now a pioneering Saudi Establishment that embodies Saudi values.

From supplying lighting fixtures to installing full-on Home Automation Systems, we pride ourselves to have successfully marked the industry with more than 45 years of know-how, leadership, and shimmering lights.

Striving for Excellence

Throughout the years, **ARAK** has positioned itself alongside the industry's pioneering national companies, becoming a certified partner of several reputable international companies, such as Philips.

ARAK partners with renowned global manufacturers and distributors to provide the best quality products for its diverse clientele. An embodiment of the highest standards in the lighting industry, **ARAK** strives to keep climbing up the ladder of excellence and quality.

ARAK has proudly undertaken vital national projects, carrying them out with the utmost precision, and is always on the lookout for distinctive companies & brands whose vision aligns with that of **ARAK**.

Why Arak?

Transparency

We strive to always work with the best quality providers in the market. And because transparency is one of our assets at ARAK, we put great effort into showcasing all features of our products and breaking down all processes of our services so our esteemed clients would rest assured they are in great hands.

Creativity

Because even the most successful recipe for greatness can't be complete without a dash of creativity and a load of passion. And that is why we make sure creativity and originality are always essential ingredients in the company's day-to-day operations. Simply put, we see our work as the craftsmanship that requires exquisite attention to detail, beauty, and efficiency.

Empowerment

We, at ARAK, believe in the limitless potential of our employees. And since we are always keen on reinforcing our 45+ years of hands-on expertise, we regularly encourage them to tap into that potential through engaging them in seminars. This enables them to acquire skills to meet high expectations, fostering personal and professional growth.

Quality

We provide nothing but the best products offered worldwide and nothing but the best pre-sale and post-sale services. And that is why quality is our number one priority. Our commitment to excellence extends beyond just products and services; it permeates every aspect of our customer experience. We strive to consistently exceed expectations, ensuring that our dedication to quality remains unwavering in every interaction.

Our Partners

Here is a list of just a few of our satisfied Partners....

A dark, monochromatic photograph of a modern interior space, likely a living room or lounge. The room features large floor-to-ceiling windows on the right side, offering a view of a city skyline at night. In the foreground, there is a large, dark-colored sectional sofa with several cushions. A low, rectangular coffee table sits in front of the sofa. To the right, a dining area is visible with a table and chairs. The overall atmosphere is sophisticated and contemporary.

Home Automation Systems

Lighting Controls & Home Automation Systems

Our KNX/EIB products are based on the simple yet proven KNX/EIB technology, which is now considered a worldwide standard for building control and all types of smart automation of – commercial, residential, or industrial – buildings.

KNX/EIB product range covers a complete spectrum of applications found in today's buildings, ranging from lighting and shutter control to heating, ventilation, security, energy management, and much more.

Guest Room Management System (GRMS)

The Guest Room Management System ensures all guests' rooms' needs are satisfied and expectations met. The GRMS provides an innovative and efficient way to control the lighting, cooling/heating, curtains, and Hotel Room Services through intuitive buttons, touch screens, or panel interfaces.

Lighting Control System

Lighting control solutions bring innovative design to residential and commercial applications. It provides seamless control and monitoring of all lighting circuits in the building and outdoor lightings. KNX has been widely considered for many major projects of all sizes due to its flexibility, robustness, wide interfacing capabilities with other systems, and significant potential for energy saving.

Registered Vendor With :

A black and white photograph of a modern office interior. On the left, a large, white, rectangular poster is mounted on a dark wall. The poster contains text in a sans-serif font. To the right of the poster, a dark wooden desk is positioned in front of a large, multi-paned window. A black office chair is tucked under the desk. Behind the desk, a dark wooden shelving unit holds various books and decorative objects. The ceiling features dark wooden beams with several rectangular recessed lights. The floor is made of dark wood. The overall aesthetic is minimalist and professional.

Light is
not so much
something
that reveals
as it is itself
the revelation.
